

THE STETLER FUND

The Pearl M. Stetler Research Fund for Women Physicians Founded in Memory of Cornelius and Margaret Stetler is a trust established by the terms of the will of Dr. Pearl M. Stetler, a native of Wisconsin who practiced surgery in Chicago for almost fifty years. It honors the memory of her parents, Margaret and Cornelius Stetler. After Dr. Stetler graduated from the Johns Hopkins Medical School in 1913, she wanted to engage in research, but found that suitable opportunities were not available to her. Instead, she entered the practice of surgery at Mary Thompson Hospital in Chicago. Her estate, "the result of economizing with small earnings" is left entirely to the trust to support research training of female physicians. The Northern Trust Company in Chicago is Trustee.

RESEARCH FELLOWSHIP

Awards are \$65,000 for a designated year of research in a postgraduate program. \$64,000 is to support salary only. These funds cannot be used for fringe benefits or tuition. The Stetler funds may not be used for indirect costs to the university. Usually this is the third or fourth year of fellowship or an Instructor position. Renewal for a second year of funding requires reapplication and is evaluated with new applications. \$1,000 is provided for supplies and equipment.

Purpose

Full time support for original research.

Eligibility

Women who were born in the United States and have graduated from a United States Medical School may apply. Awards are made without regard to age or ethnicity.

Location of Work

Under the terms of the Trust, the research must be performed at one of the following medical schools:

University of Illinois College of Medicine at Chicago
The Johns Hopkins University School of Medicine
The University of Wisconsin Medical School

Dates

Deadline for receipt of the application is February 15th
Date of award notification is on or before March 15th

Limitations

Teaching and other educational activities must not exceed two hours per week. At least 80% of the fellow's total time must be devoted to research. The Stetler Research Fund prohibits other grants that have significant scientific overlap or that exceed the amount of the Stetler Award during the time the Stetler Grant is active.

This award is not intended for individuals appointed to tenure-track or clinical track faculty positions beyond the Instructor level. Fellows must still be in a mentored training position for the duration of this award.

Applicant name: _____

The Pearl M. Stetler Research Fund

Fellowship Application

(Please return original and email a pdf copy per application)

1. Date of application: ____/____/____

2. Proposed starting date: ____/____/____

3. Title of proposed research:

4. Name: _____
Last First Initial

5. Social Security #: ____/____/____

6. Place of birth: _____

7. Citizenship: _____

8. Address

Work: _____ Home: _____

9. Phone #: (____) _____ - _____ (____) _____ - _____
Work Home

10. Fax #: (____) _____ - _____

11. E-mail address: _____

12. Institute where research is to be performed: _____

13. Current professional appointment and activities: _____

Applicant name: _____

14. Education, Professional Training and Research Experience:

Date	Institution and Location	Degree	Field
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

15. Honors:

16. Previous research support:

17. Current and pending research support:

18. Publications (if provided in CV as attachment, check here ____)

19. Name of Preceptor: _____ Rank: _____

Applicant name: _____

20. Recommendations: List the names of three (3) individuals who can be contacted concerning your qualifications as they relate to the proposed research. Please have three (3) recommendations emailed directly to mmccor16@jhmi.edu and copy gukwuom1@jhmi.edu at the time of application. The letter from the applicant's Division Chief/Department Chair may also be used as one of the recommendations to fulfill this requirement.

One of the letters should be from your primary research mentor and should include a discussion of the applicant's role in the overall research program, a brief mentorship plan, a plan for transition to independence at the conclusion of this award, and a discussion of the mentor's track record and mentorship.

Name	Address	Phone#	Position
1. _____	_____	_____	_____
2. _____	_____	_____	_____
3. _____	_____	_____	_____

21. Briefly describe your future career plans (short term and long term). Include a discussion of your plans to transition to an independent research career and describe how this award will facilitate your short term career goals. Limit to 400 words or less.

Applicant name: _____

22. Please describe your proposed research project as an attachment to application. Please do not include additional materials beyond the 5 page limit. The 5 page limit does not include references. Include Specific Aims, Background, Significance, Preliminary Results (if available), Experimental Design, Methods, and Analytical Approach.
23. A copy of your birth certificate must accompany the application.
24. A letter from your Division Head or Department Chair agreeing to full time research must accompany the application. The letter should include commitment to any necessary salary support. Teaching and other educational activities must not exceed two hours per week and at least 80% of the fellow's total time must be devoted to research.
25. Submit application by February 15th:
Applications should be submitted as a single pdf which includes the completed application form, research plan (5 pages not including references), letter from Division Head/Department Chair, and copy of your birth certificate. The letters of recommendation can be included in the pdf or submitted separately. Please submit these by email to mmccor16@jhmi.edu and copy gukwuom1@jhmi.edu
26. Funding decisions will be made on or before March 15th.
27. Johns Hopkins University, University of Illinois College of Medicine and University of Wisconsin Medical School applicants may address questions to:

Meredith C. McCormack, MD MHS
Associate Professor of Medicine
Medical Director, Pulmonary Function Laboratory
Pulmonary and Critical Care Medicine
1830 East Monument Street, 5th Floor Baltimore, MD

Phone: 410-502-2806

Fax: 410-955-0036

E-mail: mmccor16@jhmi.edu

Claudia Hernandez, M.D.
Associate Professor of Dermatology
Liason for University of Illinois at Chicago
Rush Dermatology
1653 W. Congress Parkway
220 Annex Bldg
Chicago, IL 60612
Phone: 312- 942-6096

E-mail: Claudia_Hernandez@rush.edu

Dawn Belt Davis, MD, PhD
Assistant Professor of Medicine
Division of Endocrinology, Diabetes, and Metabolism
4147 MFCB, MC5148
1685 Highland Avenue
