

2017 HVPAA National Research and Education Conference Johns Hopkins Presentations

PODIUM PRESENTATIONS

The Illusion of Safety: An Effective Approach To Resident Over-Utilization of Telemetry

Amit Pahwa, MD; Calvin Kagan, MD; Leonard Feldman, MD; Tim Niessen, MD, Keisha Perrin, RN; Arielle Apfel, RN; Natalie Spicyn, MD; Johns Hopkins Hospital

A Comprehensive Patient Blood Management Program Decreases Blood Utilization and Improves Outcomes in Orthopaedic Surgery Patients

Raj Amin, MD; Robert Sterling, MD; Harpal Khanuja, MD; William Yang, BS; Pranjal Gupta, BS; Adam Levine, MD; Steve Frank, MD; Johns Hopkins Hospital

POSTER PRESENTATIONS

Recognizing Overuse of Blood Product Preparation and Hematologic Tests in Pediatric Lower Extremity Fractures

Raj Amin, MD; Kevin Sandhu, MD; Adam Levin, MD; Babar Shafiq, MD; Steven Frank, MD; Paul Sponseller, MD; Johns Hopkins Hospital

Troponin Utilization in the Diagnosis of Acute Coronary Syndrome

Pranav Patel, MD; Karan Desai, MD; Jeffrey Trost, MD; Johns Hopkins Bayview Medical Center

Reduction in Radiation Exposure and Examination time with Stress First Scintigraphic Myocardial Perfusion Studies in Patients with Suspicion for Coronary Artery Disease

*Puskar Pattanayak, MBBS; Ines Valenta, MD; Sarika Pamarthy, MBBS; Thomas Schindler, MD
Johns Hopkins Hospital Department of Radiology*

Appropriate Use Criteria for Pediatric Echocardiography: Opportunity for Directed Cost Savings

Mark Cartoski, MD; Meghan Kiley, MD; Philip Spevak, MD, MPH; Johns Hopkins School of Medicine

Structured Reporting Improves Completeness and Consistency of Description of Right Atrial Thrombi

Benjamin Barnes, MD; Lasya Gaur, MD; Clifford Takemoto, MD; William Ravekes, MD; Philip Spevak, MD, MPH; Johns Hopkins Hospital

Perinephric fat stranding on abdominal CT in adult emergency department patients: clinical implications and opportunities for improved patient care.

Erin Gomez, MD; Susan Lin, MD; Elliot Fishman, MD; Linda Regan, MD; Amit Pahwa, MD; Pamela Johnson, MD; Johns Hopkins Hospital Department of Radiology

High value practice and professional development: Senior resident consultation service for radiology exam selection

Elizabeth Snyder, MD; Elie Portnoy MD; Karen Horton, MD; Pamela Johnson, MD; Johns Hopkins Department of Radiology

**2017 HVPAA National Research and Education Conference
Johns Hopkins Presentations**

Order Wisely: A new cross-specialty paradigm for imaging appropriateness continuing medical education

Pamela Johnson, MD; Matthew Alvin, MD, MBA; Karen Horton, MD; Johns Hopkins Hospital

Eliminating unnecessary dose and cost: Ditch that coned lateral!

Donna Magid, MD, M.Ed ; Johns Hopkins Medicine

Clinical Access to Imaging and Reports: The Value of Radiology

Matthew Alvin, MD, MBA, MS, MA; Mona Shahriari, MD; Evan Honig; Li Liu, MS; David Yousem, MD, MBA; Johns Hopkins Hospital

A Value Based Neonatal Intravascular Access Program (NIVAP) Integrates Dynamic Stakeholder Engagement and Accountability

Prabhu Parimi, MD, MBA, CPE, FAAP; Stacey Stone, MD; Johns Hopkins Medicine

Implementing an Evidence-based, Data-driven, Health System-wide Patient Blood Management Program

Lauren Scher, MD; Pranjal Gupta, BS; William Yang, BS; Mereze Visagie, BS; Josh Wetzler, BS; Stanley Podlasek, MD; Pat Wachter, MA; K.H. Ken Lee, PhD; Tyler Wintermeyer, MS; Emily Liu, PhD; Renee Demski, MSW, MBA; Paul Ness, MD; Steven Frank, MD; Johns Hopkins School of Medicine

Setting the Orders in Order: An Evidence Based Post-thyroidectomy Calcium Management

Helina Somervell, DNP, CRNP; Ralph Tufano, MD; Johns Hopkins Hospital

Optimal Post-Operative Antibiotic Prophylaxis after Breast Surgery: a Meta-Analysis

Charalampos Siotos, MD; Mohamed Sebai, MBBS; Stella Seal, MLS; Mehran Habibi, MD; Michele Manahan, MD; Gedge Rosson, MD; Johns Hopkins Medicine

Early to Bed, Early to Rise: a Discharge Collaborative

Babak Orandi, MD, PhD; Ira Leeds, MD, MBA; Helina Somervell, DNP; Deb Hobson, BSN; Johns Hopkins Hospital

The Causes and Consequences of Overuse: Older Adults' Perceptions

Ariel Green, MD, MPH; Monica Tung, BA; Jodi B. Segal, MD, MPH; Johns Hopkins School of Medicine

Preoperative Risk Factors For Discharge to Rehabilitation in Femoral Neck Fractures

Raj Amin, MD; Michael Raad, MD; Farooq Usmani, BS; Kevin Sandhu, MD; Matthew Best, MD; Babar Shafiq, MD; Johns Hopkins Hospital

**2017 HVPAA National Research and Education Conference
Johns Hopkins Presentations**

Impact of non-intrusive computer-decision support tools on laboratory test utilization in a large academic center

Kevin Eaton, MD; Arielle Apfel, MS; Amit Pahwa, MD; Johns Hopkins Hospital

Smart Medicine - Implementing a Mobile Application and Wearable Technology to Improve Hospital Discharge Patient Safety and Quality: Preliminary 30-Day Readmission and Cost-Effective Findings from the MiCORE Study.

Helen Xun, BS; Lochan Shah, BS; Francoise Marvel, MD; Seth Martin, MD, MHS, FACC, FAHA; Johns Hopkins School of Medicine

Impact on Test Utilization and Patient Outcome of Hard-Stops at Order Entry for Clostridium difficile Nucleic Acid Amplification Testing

Masako Mizusawa, MD, PhD, MS; Clare Rock, MD, MS; Christopher Kauffman, MLS; Lisa Maragakis, MD, MPH; Karen Carroll, MD; Johns Hopkins School of Medicine

Novel Curriculum Effectively Teaches High-Value Care Principles to 1st Year Medical Students

Christopher Steele, MD; Justin Berk, MD; Danelle Cayea, MD; Maura McGuire, MD; Nancy Hueppchen, MD; Belinda Chen, MD; Amit Pahwa, MD; Johns Hopkins School of Medicine

Effect of High Value Care Curriculum in Third Year Medicine Clerkship

Amit Pahwa, MD; Danelle Cayea, MD; Kevin Eaton, MD; Johns Hopkins School of Medicine

Infusing High Value Care Education Directly into Patient Care on the Medicine Wards

Jacqueline Schulman, MD, MSc; Sonali Palchoudhuri, MD, Paul O'Rourke, MD, MPH; Johns Hopkins Bayview Medical Center
