Thursday, February 8 and 15, 2018 (8 am-5 pm)

## LOCATION

Johns Hopkins Bayview Medical Center Campus, Mason F. Lord Building, Center Tower, Suite 2300, Baltimore, MD 21224

## DESCRIPTION

This two-day workshop provides an in-depth overview of curriculum development principles, and facilitated exercises in applying the six curriculum development steps. This course is designed for faculty who are responsible for adapting or developing a curriculum and who desire a framework and tools for approaching the task at hand. Completion of this course fulfills the pre-requisite for enrolling in the CD Practicum course that provides additional training and supervised application to a curriculum development project.

## WHO SHOULD ATTEND

This activity is intended for scholarly educators in the fields of medicine, nursing, public health, psychology, and laboratory research.

## OBJECTIVES

By the end of this activity, the participant will demonstrate the ability to:

- Describe the six steps of curriculum development and the importance of congruence among them
- Apply the six steps of curriculum development to a curricular project
