

## U.S. News & World Report 2018 Reputation Survey Talking Points

- The annual *U.S. News & World Report* Best Hospitals and Best Children’s Hospitals reputation surveys are now available.
- The surveys account for 27.5 percent of a specialty area’s overall score.
  - For physical medicine and rehabilitation, ophthalmology, rheumatology and psychiatry, the surveys account for 100 percent of the total score.
- The overall reputation survey score is an aggregate from the last three years (2016, 2017 and 2018).
- Board-certified physicians in the 16 adult and 10 pediatric specialty areas who claimed their Doximity profile before Dec. 1, 2017, are eligible to take the survey. The relevant board certifications/association memberships are listed in the chart below—blue and white lines show the adult specialties, and yellow and white lines show the pediatric specialty areas.
- New board certifications have been added to the list of those that make physicians eligible to vote in this year’s survey. They include: neuroradiology, vascular surgery, pediatric neurosurgery, transplant hepatology and interventional cardiology. Check your eligibility at [Doximity.com](http://Doximity.com) and cast your vote.
- The survey will close on March 22. Check your eligibility at [Doximity.com](http://Doximity.com) and cast your vote.
- To vote, log in to [Doximity.com](http://Doximity.com) or open the Doximity app that can be downloaded at [iTunes](https://itunes.apple.com) or [Google Play](https://play.google.com).
- When logged in, there will be a large call-out icon/graphic on the home screen that you will select. The icon may be similar to this:

### U.S. News Best Hospitals Nominations

Nominations open Mid February 2017

You are eligible to participate and will receive an email when the nomination period begins.

- The survey will ask you to nominate up to five hospitals in your specific adult field and up to 10 pediatric hospitals, irrespective of expense or location, which you consider best for patients with serious or difficult conditions. Only one nomination is required.
- The order that you list the hospitals does not affect the ranking.
- Each Johns Hopkins member hospital is ranked separately.
  - The hospitals ranked in the adult survey are The Johns Hopkins Hospital, Johns Hopkins Bayview Medical Center, Howard County General Hospital, Suburban Hospital and Sibley Memorial Hospital.

- The hospitals ranked in the pediatric survey are the Johns Hopkins Children’s Center and Johns Hopkins All Children’s Hospital.
- If you believe you should be able to vote but can’t, or if you have any other problems, email [usnews@doximity.com](mailto:usnews@doximity.com).
