

Flu vaccine for Johns Hopkins employees is here! The inactivated influenza vaccine (injectable) will be administered to Hopkins employees beginning **September 20, 2021**. (Please see *locations & schedules below*).

The Johns Hopkins Institutions require health care providers to have annual influenza vaccination or possess an approved [qualified exception](#).

The Influenza vaccine will be administered to Physicians, Faculty, Staff, Employees, Students and Volunteers by Occupational Health Services as listed below.

Hopkins Onsite Vaccination Schedules & Locations

[East Baltimore Campus Locations](#)

[Homewood Campus & Other Sites](#)

[JHOP Pharmacies \(Outpatient\)](#)

[Johns Hopkins Affiliate Locations](#)

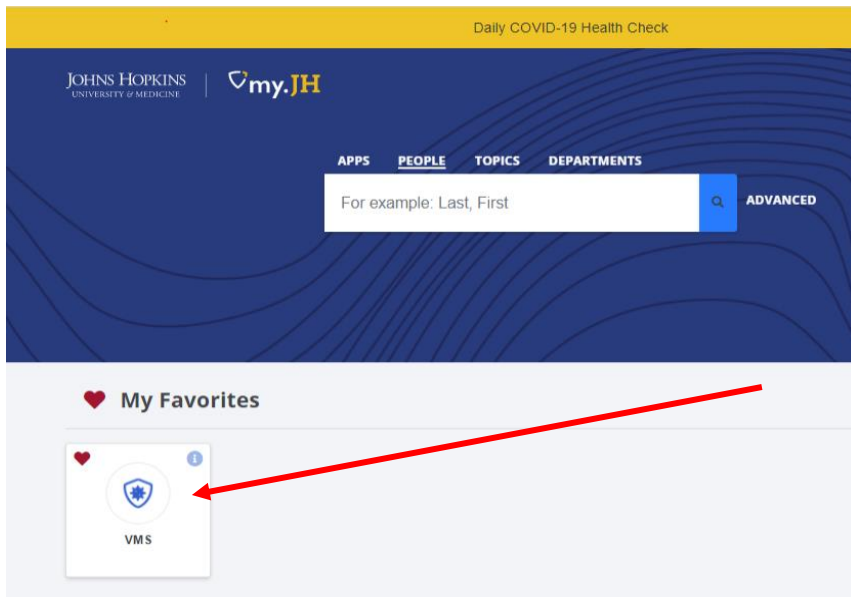

Johns Hopkins will be partnering with Walgreens during the 2021-22 flu season. Walgreens pharmacists will be giving our employees the flu vaccine, both on-site and at [all Walgreens retail locations](#).

Important Things to Know:

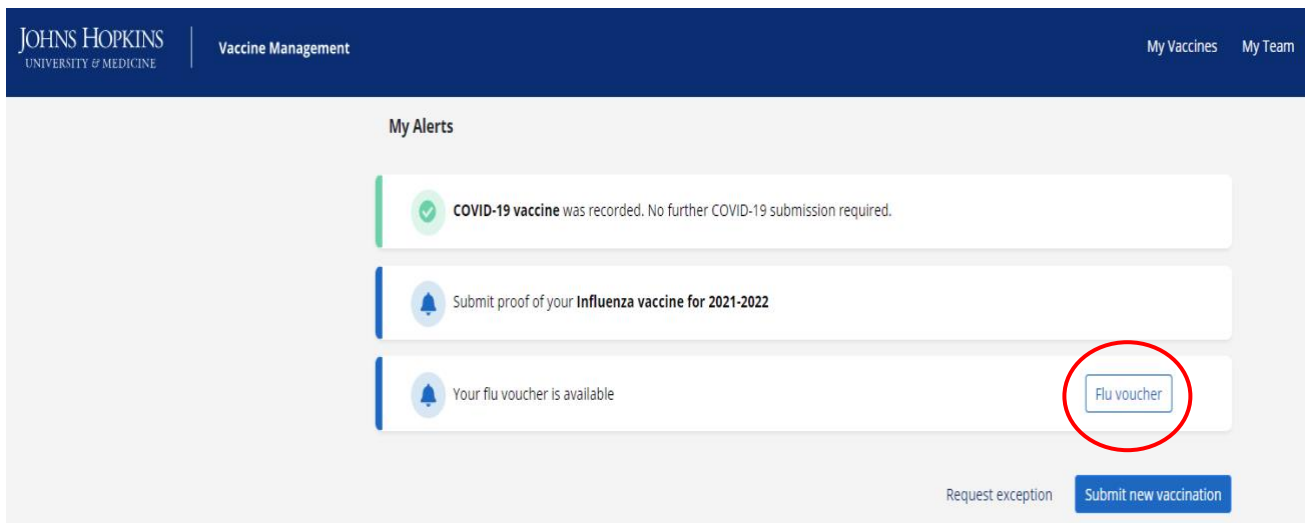

- **Onsite Vaccinations** - To comply with physical distancing guidelines. **You must [make an appointment](#)** to receive your flu vaccine, through myChart.
- **Walgreens Vaccinations** - You must either print out a [voucher](#) (*JHED ID & PW required*) or display the voucher on your phone at the time of service to receive the vaccine at Walgreens.
No appointments necessary, walk-ins available.
- **Onsite & Walgreens Vaccinations** - To help expedite your visit, please fill out the [vaccination form](#) prior to your appointment, have a valid Hopkins ID/badge and bring both with you.
- **Vaccinated Outside** - If [vaccinated outside](#) of a Johns Hopkins mass vaccine clinic or Unit Champion (i.e. Primary Care, CVS, Safeway, etc.), a proof of immunization must be provided to Occupational Health Services to receive credit for the vaccination. This applies even if your provider that gave the vaccine is within the Hopkins network.
