

WELCOME TO THE DEPARTMENT OF MEDICINE

Lonimi Adebowale

she/her/hers

*Rotating with
the Division of Cardiology, JHBMC
September 19 – October 16, 2022*

BIO: I am a first generation immigrant from Nigeria who is passionate about community service and serving underserved communities.

HOMETOWN: Bowie, Maryland

UNDERGRADUATE: University of Maryland, Baltimore County

MEDICAL SCHOOL: Howard University College of Medicine

FUN FACT: I am a twin!

SPORT TEAMS: Soccer (Manchester United)

SPECIAL INTERESTS: I am a book lover (I have a mini library with over 60 books). I am also a foodie and an avid cooking show fan; I love making dishes from scratch!

Department of Medicine

WELCOME TO THE DEPARTMENT OF MEDICINE

Akwasi Aduboffour

he/him/his

*Rotating with
the Division of Nephrology
September 26 – October 21, 2022*

BIO: Hello! I am excited to be in Baltimore with my fellow colleagues rotating at Johns Hopkins! I plan on pursuing internal medicine and then fellowship later on. I am drawn to the breadth of information that IM entails and love how I can interact with a wide variety of patient populations. I am looking forward to living in the city for the second time! I initially came in 2018 for a research position at the NIH and quickly grew to love all the great things Charm City has to offer.

HOMETOWN: Atlanta, Georgia

UNDERGRADUATE: Georgia Tech

MEDICAL SCHOOL: Medical College of Georgia

FUN FACT: I speak 3 languages.

SPORT TEAMS: Atlanta United, Chelsea FC, Atlanta Hawks

SPECIAL INTERESTS: I love cooking, working out, playing pick-up soccer, and writing.

Department of Medicine

WELCOME TO THE DEPARTMENT OF MEDICINE

Odolphe Augustin

OH-dawlf aw-GUS-tin
he/him/his

*Rotating with
the Division of Geriatric Medicine
September 26 – October 21, 2022*

BIO: “Hi! My name is Odolphe Augustin; “Odie” for short. I am a first-generation Haitian American from Queens, NY—soon-to-be the first doctor in my family. I attend the Touro College of Osteopathic Medicine in NY. Cardiology and Critical Care are two fields I am very interested in; however, my interests in medicine go beyond just practicing it. I am also interested in medical/clinical education, mentorship, the medical humanities, and health disparities, to name a few. I completed 1700 hours of public service with AmeriCorps and was later recruited to oversee their new Peer Corps program, which utilizes the peer model to address the impact of the Opioid Crisis in NYC homeless shelters. I firmly believe that one’s personal touches can make any experience a truly memorable one, so with that said, I look forward to working with my cohort and the JHU family!”

HOMETOWN: Queens, New York

UNDERGRADUATE: State University of New York at the University of Albany

MEDICAL SCHOOL: Touro College of Osteopathic Medicine - Middletown, NY campus

FUN FACT: I proposed to my wife on stage during my white coat ceremony at the Paramount Theater in front of thousands of people, and it landed us on the front page of the local newspaper ([article linked here](#)).

SPORT TEAMS: Mets (baseball) | 49ers (football) | Boston Celtics (basketball) | Barcelona (soccer)

SPECIAL INTERESTS: Game/Graphic Design, Cooking, Cocktail Creations, Dance/Step, Volleyball, Soccer, Anime (Fav: One Piece), History, Cryptozoology & Folklore, Nature Walks, Photography & Videography, Martial Arts, Traveling

Department of Medicine

WELCOME TO THE DEPARTMENT OF MEDICINE

Tay Boyd

she/her/hers

*Rotating with
the Division of Gastroenterology September
26 – October 21, 2022*

BIO: Tay is currently in the combined MD/Master of Medical Education Program at Harvard Medical School. She is passionate about the science of learning and discovering innovative ways of creating positive and inclusive learning environments for trainees in the clinical and pre-clinical setting. Prior to medical school she taught abroad as a Fulbright Scholar and while at HMS has served as a teaching fellow and peer educator.

Tay has a special interest in gastroenterology and is a current NIH Ruth L. Kirschstein National Research Service Fellow. Her research is focused on improving healthcare outcomes for women, older adults and communities of color affected by inflammatory bowel disease and motility disorders.

HOMETOWN: Seattle, Washington

UNDERGRADUATE: University of Washington

MEDICAL SCHOOL: Harvard Medical School

FUN FACT: Our family has two very sweet golden retrievers.

SPECIAL INTERESTS: Writing, baking, spending time outside and propagating/growing new plants.
